INTRODUCTION

Demmon School of Beauty began operation in 1955. The school was named after Ms. Jane Demmon, the original owner. In 1968, the school was sold to Mr. and Mrs. Lester. The school operated under their leadership for the next 14 years. Upon their retirement, Mr. Jim Haynes purchased the company in 1982.

Mr. Haynes operated the school for the next 33 years. During this time, Mr. Haynes was a member of the Louisiana Board of Cosmetology and served as President of the Board.

On January 1, 2015, the school was purchased by Avery James, LLC and continues to operate as Avery James College.

MISSION

The mission of Avery James College is to provide quality training in the cosmetology field enabling the graduate to take and pass the licensure exams to become a licensed cosmetologist in Louisiana.

PHILOSOPHY AND OBJECTIVES

Avery James College is dedicated to providing the finest career training to all its students, enabling them to grow both personally and professionally with the confidence that they are well versed in their respective fields of study. In pursuit of this goal, the school employs qualified teachers and utilizes modern equipment and facilities. Our philosophy which enables us to meet that goal is:

- * To prepare students to assume a useful place in society and perform well in that place; hence, the objectives of qualified and employable graduates are of the utmost importance.
- * To offer, through a sincere concern on the part of educated and experienced personnel, the necessary tools of learning that will help to make the students' future a success.
- * To assure all students and prospective students that, from first contact to graduation, their relationship with all school officials will meet high standards of education and business ethics.

The primary objective of Avery James College is to offer education and training that prepares students for the state and national cosmetology licensing exams and for entry-level positions in the field.

FACILITIES

Avery James College is located at 2948 Ryan Street, Lake Charles, Louisiana 70601. The four classrooms provide access for up to thirty students for lecture and lab activities. The large salon floor has 24 stations, 7 shampoo bowls, and 7 dryers. Separate rooms for facials and manicures/pedicures are adjacent to the salon floor. In addition to the areas mentioned above, there are three storage rooms, laundry room, color/supply room, student computer lab, conference room, and six administrative offices. RULES AND REGULATIONS

Attendance (Excused/Unexcused Absences)

It has become crystal clear that class attendance is the most important factor in student success (course completion and graduation). In order to be fair to all involved, and to show respect for yourself, your classmates, your instructor, and ultimately your future employer, good attendance is a necessity.

Perfect attendance is expected of each student, just as an employer expects perfect attendance from an employee. Satisfactory attendance is vitally important and is a requirement of all students. All absences are recorded and made a part of the student's permanent record. Students are responsible for notifying the Instructor or administration when they are to be absent or tardy.

Any student missing eight (8) consecutive days of scheduled classes will be dismissed from school.

The student will also be charged for each class that must be repeated due to forced withdrawal or due to failure of a class associated with poor attendance (See tuition & fees for details on these charges).

Legal and school holidays, breaks, and class cancellations (i.e. weather conditions, etc.) are not included in calculations for class attendance and therefore are not considered as days of absence.

Leave of Absence

A Leave of Absence (LOA) may be granted under certain conditions. Acceptable reasons for requesting an LOA could include but not be limited to situations such as the onset of an illness or injury preventing attendance for a prolonged period of time, temporary loss of income or transportation, and other extraordinary circumstances that temporarily prevent the student from attending classes. Should you have a valid reason for requesting a "Leave of Absence" please see the Campus Director for guidance. The LOA must be requested in writing using the School's form, the student is required to follow the institution's LOA policy and the LOA must not exceed 180 days in any 12-month period and a student will not be granted a LOA if the LOA, together with any additional LOA's previously granted, exceed a total of 180 calendar days in a 12-month period. The LOA written form will include but is not be limited to the following information: a) student's reason for LOA b) Student signature. All LOA's must be granted in advance unless the LOA is due to an unforeseen circumstance. In the event the LOA is due to an unforeseen circumstance the institution is required to document the reason for its decision to grant a LOA due to unforeseen circumstances, the institution collects the request from the student at a later date and establishes the start date of the approved the LOA as the first date the student was unable to attend.

Students granted an LOA in accordance with the institution's policy is not considered to have withdrawn and that no refund calculation is required at that time. However, the student's contract period will be extended by the same number of calendar days taken in the LOA and that such changes to the contract period will be an addendum to the enrollment agreement and must be signed by all parties at the time the LOA is requested.

An extension to an existing Leave of Absence may be granted under certain conditions. The extension request must be in writing with student's signature and date. Administration approval is required. No telephone requests are accepted.

Failure to return to school at the scheduled LOA ending date or students taking an unapproved LOA will result in your being dropped from the rolls of the School and may affect your Financial Aid, and student loan repayment terms, including the expiration of your grace period.

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning. Students failing to return from an approved leave of absence will be determined as withdrawn as of the date the student was scheduled to return from the approved leave of absence. Refunds will be calculated from the last date of attendance.

A student will not be assessed any additional charges as a result of a requested or approved LOA.

Tardiness

Failure to report for class when the class begins or leaving before class ends is classified as tardy. Tardiness is measured in one (1) minute increments, rounded upward to the nearest 15-minute increment. All minutes missed are recorded as such in the student's official attendance record. Excessive tardiness is not acceptable and the student may be suspended or terminated, subject to extenuating circumstances, the student's progress, and the discretion of the Campus Director.

Make-Up Work

Make-up work may be assigned to enable a student to progress in a timely manner. Scheduling of make-up work is left to the discretion of each Instructor. It is the student's responsibility to acquire any and all work missed and be ready for upcoming tests or assignments.

Cosmetology Students: Cosmetology students must complete all scheduled hours within each grading period. To aid students in completing all hours, make-up hours are regularly scheduled on Monday at the discretion of the Director. Attendance is required for students who are absent or tardy from class. There is a fee for make up hours-see "Extra Instructional Charges" in this document.

Student Conduct

All students are expected to conduct themselves in a professional manner, taking their studies seriously. Respect is to be shown at all times to all faculty, staff and fellow students. No student will be permitted to attend class while under the influence of alcohol or other intoxicating substances. No food or drink is allowed in any classroom and smoking is not allowed within the school's facilities. Every student is expected to take part in the cleaning and straightening of classrooms at the end of each day.

Avery James College reserves the right to dismiss any student whose conduct is unsatisfactory and/or detrimental to the best interest of the faculty, staff or other students.

For Cosmetology classes, class size does not exceed a 20:1 student to teacher ratio.

Student Work

Avery James College reserves the right to make copies of all student work and to use such in promotions without the student's prior written consent.

Honor Code

Cheating and related forms of dishonesty will not be tolerated. Cheating gives your Instructors and future employers a distorted view of your true abilities, and is very unfair to more honorable students who try hard to earn honest grades according to their abilities. Students caught cheating may be expelled from the class in question. The student may also be expelled from the school. If not expelled from the school, the student may repeat the class from which they were expelled the next time it is offered.

Students accused or suspected of cheating without clear and convincing proof may be required to re-take tests under controlled conditions to eliminate suspicion.

The standard letter system of grading is used as follows: A--100-90; 4.0: B--89-80; 3.0: C--79-70; 1.0: D--below 69-60; 2.0: F--below 60: P--Pass: TP--Transfer Pass: W--Withdrawal (will be given to a student who withdraws before the mid-point of a particular course): WP--Withdrawal Passing (will be given to a student who withdraws with a passing grade after midpoint of a particular course): WF--Withdrawal Failing (will be given to a student who withdraws with a failing grade after midpoint of a particular course): I--Incomplete (An "I" may be given to a student who does not complete the course requirements of the course syllabus. This "I" will be converted to a letter grade 30 days after posting. If the course requirements were not completed to obtain a passing grade, the letter grade will be converted to an "F.") Upon repeating a course or subject, the student will receive credit only for the highest grade earned. The lower grade will be removed from the student's transcript. Each subsequent official transcript for a graduate is furnished after receipt of the transcript fee payable by cash, money order or certified funds. (See Miscellaneous Fees in the Tuition & Fees portion of this catalog). A government agency which periodically requires a transcript in order to determine a student's progress is exempt from this fee.

Off-Campus

Contact your local Police Department to report abuse and to help keep yourself safe, 911 or the non-emergency number. Any of the on-or off-campus resources can assist in finding information about legal options such as filing a protective/harassment order. Even if you do not plan on talking to anyone on campus about the incident, please submit a report form. This information will help the college obtain a more accurate picture of violence that is happening on and around campus.

Bystander Intervention

The college believes that risky, potentially dangerous situations can be avoided if a bystander witnesses the event and steps in to intervene. The college encourages students who observe a concerning situation to move past being a bystander and become active.

Here are some tips to become an active bystander:

- Dial 911
- Tell a staff person what you observed
- Submit a report.
- Yell for help
- Intervene directly, if you feel you can safely do so
- Ask a victim if he/she is OK and actively listen to them without telling them what to do

Emergency Alert System: Communication is crucial to effective crisis management. The institution subscribes to a text and email based emergency alert system to notify students, faculty and staff of weather related

cancellations or delays, school closures or security lock-downs. Participation in this system is optional for all students and staff. The college will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain respond to, or otherwise mitigate the emergency. The Corporate Office and / or Campus Director is responsible for carrying out the emergency response notification.

Alcoholic Beverages: Alcoholic beverages are not allowed on the premises at any time. Any person caught on campus under the influence or in possession on campus will be asked to leave immediately for the remainder of the day. On the next day, a determination will be made by the Director as to further action, which may include suspension or expulsion.

Illegal Drugs or Weapons: Neither is ever acceptable. Any person caught possessing a weapon or illegal drugs will be immediately suspended for the day and the incident will receive further investigation. After investigation, appropriate action will be taken which could include expulsion (termination for employees).

Drug & Alcohol Abuse Prevention and Awareness: During the financial aid interview, this document is handed out to each student. A copy of this statement is included in each “new employee package.” All students and employees are encouraged to seek professional help for any problems, and are advised to seek guidance from the designated school official as to professional help available.

Annual Security Reports

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is a federal law, originally known as the Campus Security Act. This legislation requires colleges and universities across the United States to disclose information pertaining to crimes that have been reported or occurred on or around college campuses, or in the vicinity of college properties on public properties, including properties owned or maintained by the college.

The annual report contains three years of campus crime statistics and must outline certain security policy and/or procedural statements, including sexual-assault awareness programs and reporting procedures. Specific information is provided regarding both the law-enforcement authority and how and where the college community may report crimes.

The Corporate office collects criminal statistical information, compile crime reports and distribute the annual security report, in accordance with law, on or before Oct. 1 of each calendar year. Criminal activity reports are filed annually at www.survey.ope.ed.gov/campussaftey through the Campus Safety and Security website.

Criminal Activity Report for 2018 – No criminal activity reported.

Criminal Activity Report for 2019 – No criminal activity reported.

Criminal Activity Report for 2020 – No criminal activity reported.

HEALTH & SAFETY MEASURES

The institution maintains a written plan (Health & Safety Plan) for assisting students in cases of sickness, accidents, and emergency health care. All students are encouraged to have provisions for hospitalization and liability insurance.

First Aid

A basic first aid kit (band-aids and minor wound care materials) is available in the front office and other strategic points around campus.

Accidents & Health/Safety Emergencies

1. Accidents/Emergencies should be immediately reported to the campus director or designee.
2. The campus director will assess the situation and determine the appropriate course of action.
3. If warranted, the campus director should have someone call 911 for further assistance
4. If the student is conscious and coherent and refuses treatment, the campus director will document this (have the student sign saying they refused treatment). The campus director will have someone contact an emergency contact of the student's choosing or we will access the student's file for an emergency contact.
5. After the emergency is over, the campus director will be responsible for investigating the incident and completing an incident report.
6. The investigation should include discussions with all involved parties to determine exactly what happened and if there are any changes needed at the institution.
7. In the event that an accident or illness should happen while a student is on the externship or clinical portion of their program, the student and the site are responsible for reporting the incident to the appropriate college official. The student and site supervisor should complete an incident report. The appropriate college official will follow up with reporting to the Campus Director and assist with completing any investigation or insurance claims that may be required to be completed by the institution. The Campus Director will store all copies of incident reports, insurance claims and all pertinent information.
8. If changes are recommended, the campus director will involve the President and CEO to develop and implement policy.

Insurance

The institution maintains student malpractice and liability insurance for each student enrolled. This coverage extends with the student to all clinical sites. The institution also maintains general liability insurance.

Weather Emergencies / Evacuations

In the case of an emergency while school is in session, the campus director has the authority to assess the situation and act accordingly. For emergencies occurring when school is not in session, the campus director will assess the situation and determine whether classes should be held. If classes are to be canceled, students and employees are notified through the emergency text, email and phone notification system of the college. Students and employees may also contact the school for voice messages left by administrative staff for procedures to follow regarding class cancellations. For weather emergencies occurring on weekends or holidays, the institution will follow the local school board's advice for cancellations. Due to the fact that many of our students have children in the local schools, we normally mirror the actions of the local public schools. If classes are to be held, no action is required.

Should evaluation be necessary administration will communicate to all college personnel in accordance with local authorities utilizing the emergency alert system. The Campus Director will facilitate the evacuation procedure in accordance with local authorities' recommendations.

Test of Emergency Response

The college tests the emergency response and evaluation program routinely to ensure procedures are current and effective.

Notification of Changes from Provided Information

The student is required to notify the Business Office of any change in marital status, address, telephone number, etc. Employment opportunities are sometimes lost because the College cannot locate students.

SATISFACTORY ACADEMIC PROGRESS POLICY

Process Overview & Responsibilities

To be eligible for Title IV aid, a student must maintain satisfactory academic progress (SAP) as per section 668.16(e) of HEA 1965. The college developed policies to determine the academic standards that students are expected to meet and then a means and schedule of measuring the achievement of those qualitative and quantitative standards.

SAP standards are established and monitored by the Office of Academic Affairs. The relevant SAP policies are summarized below.

All students must maintain Satisfactory Progress according to the following standards in order to continue enrollment. Satisfactory Progress is measured at the beginning of each term/semester, and will be checked prior to disbursement of aid.

Same As or Stricter Than

The SAP policy of the college for Title IV students is the same as the school's standards for students enrolled in the same educational programs who are not receiving Title IV aid. However, the Title IV SAP policy may not be as strict as the college's academic policy – For more specific information, please note:

1. Please read "Rules and Regulations" in the main catalog for requirements concerning attendance, tardiness, grading, make-up tests, graduation requirements, etc. for more specific information on expectations of the college, and
2. Look at the requirements for your specific major to learn the requirements of that major. For example, the PN program requires that all classes be completed on the first attempt with a "C" or better.

The Director in the financial aid office reviews the Title IV SAP policy to ensure it meets all federal requirements. The Director of Academic Affairs notifies financial aid office if the school changes its academic policies.

Increments of Measurement and Quarter Credit, Non-Term Basis

To ensure the student is making sufficient progress both quantitatively and qualitatively, the college's SAP policy divides the maximum time frame into equal evaluation periods called increments. These increments generally coincide with payment periods. But in any case it cannot be longer than half the program or one academic year, whichever is less. For example in a 22 credit program, an increment must not exceed 11 credit hours.

The college operates on a quarter credit, non-term basis with all programs being one or two academic years in length. Each academic year is divided into two payment periods for Title IV funding. As such each student must complete the required academic work and attendance requirements for the current payment period before receiving any Title IV proceeds for the next payment period.

1. One academic year programs: There are two equal payment periods throughout these programs. Each payment period is equivalent to one half ($\frac{1}{2}$) of an academic year. During the first payment period, the student must complete one half ($\frac{1}{2}$) of the program in quarter credits and time requirements in order to gain Title IV eligibility for the second payment period.
2. Two academic year programs: There are four equal payment periods throughout these programs. Each payment period is equivalent to one half ($\frac{1}{2}$) of an academic year. During each payment period, the student must complete one fourth ($\frac{1}{4}$) of the program in quarter credits and time requirements in order to gain Title IV eligibility for the next payment period.

Full Time Students

A full time student must be scheduled for a minimum of 36 quarter credits per academic year or the prorated equivalent for a program of less than one academic year. Because this institution measures in non-term quarter credits, the length of a full academic year varies but is never less than 30 weeks of instruction.

Part Time Students

Although virtually all students at the college are full time, we occasionally admit part time students. Part time students must also comply with SAP. However, the time limits (as listed in the following chart) will be adjusted to reflect the amount of time necessary at the current rate of attendance to complete each payment period. The part time student must earn all credits necessary to complete each payment period in order to gain Title IV

eligibility for the next payment period.

Qualitative - Grade Point Average (GPA)

Students must maintain a 2.0 grade point average at all times while in school and in order to graduate. GPA is calculated at the end of each grading period.

If GPA falls below 2.0, the student will be notified in writing and will be placed on SAP Warning for the next grading period (minimum of six weeks). A copy of the notification will be made a part of the student's permanent record. If the student has not raised the cumulative grade point average to 2.0 at the end of the SAP Warning period, that student shall be dismissed from school for reasons of unsatisfactory progress.

A student dismissed may "Appeal" for reinstatement as described below. If the appeal is granted the student will be admitted under SAP Probation for the next grading period. If the student has not raised the cumulative GPA to 2.0 at the end of the SAP Probation period, that student shall be dismissed from school for reasons of unsatisfactory progress.

Quantitative – Time Frame

A student is required to satisfactorily complete the program of study in a maximum time frame of 1.5 times the normal program length (as measured in credit hours). A student must have satisfactorily completed at least 67% of the credits attempted at the end of each payment period in order to remain enrolled as a regular student.

Students who fail to meet this standard will be notified in writing and will be placed on SAP Warning for the next grading period (or six weeks, whichever is greater). If the student is not in compliance at the end of the SAP Warning period, the student will be dismissed from school.

Additionally, when it becomes evident that a student will not be able to graduate within 1.5 times the normal program length (as measured in credit hours), the student will be dismissed from school.

A student dismissed may "Appeal" for reinstatement as described below. If the appeal is granted the student will be admitted under SAP Probation for the next grading period. If the student is not in compliance at the end of the SAP Probation period, that student shall be dismissed from school for reasons of unsatisfactory progress.

Transfer Students

The college will count those transfer credits that apply toward the student's current program in determining SAP. A student who changes their major will be considered as a transfer student into the new program.

Withdrawals

A student who withdraws from a course and receives a grade of "W" in the course will have that course counted in the quantitative (time frame) standard of SAP, but not the qualitative (GPA) standard of SAP.

Incompletes

A student who receives an incomplete in a course must complete the course within 30 days or the "I" grade automatically changes to an "F".

Repeated Courses

If a student repeats a course, only the highest grade will be counted and previous grades will be deleted. The previous grades will be excluded when considering the qualitative (GPA) standard, but the credits will be included when determining the quantitative (time frame) standard.

SAP Warning

This status is assigned to a student who is failing to make satisfactory academic progress. A student placed on SAP warning, as described in the Quantitative and Qualitative standards, will maintain Title IV eligibility during the SAP warning period (not to exceed one payment period).

SAP Probation

This status is assigned to a student who is failing to make satisfactory academic progress and who successfully appeals. A student allowed to return on SAP Probation, as described in the Quantitative and Qualitative standards, will have eligibility for aid reinstated for one grading period (not to exceed one payment period).

Attendance

In accordance with the "Attendance Policy" in the "Rules and Regulations" portion of the catalog, any student

missing eight (8) consecutive days of scheduled classes will be dismissed from school, unless the student is on an approved Leave of Absence.

Appeal

When a student has extraordinary or mitigating circumstances (such as injury or illness, the death of a relative, or other special circumstances) an appeal may be submitted in writing to the Director of the Institution. The appeal must explain why the student failed to make satisfactory progress and what has changed that will allow satisfactory progress to be made at the next evaluation. These circumstances will be considered in making a determination on satisfactory progress. The Director (or other appropriate personnel) will consider each case on its own individual merit and make a final decision.

Satisfactory Progress Readmission Policy

A student dismissed for failure to make satisfactory progress may reapply for readmission by following the “Appeal” process above. If the student demonstrates the desire and the academic ability to complete the program, the student will be readmitted on SAP Probation for the next grading period (or three weeks, whichever is greater). Such student shall meet the institution's satisfactory progress standards including at least a 2.0 GPA on subjects taken during the first grading period after re-entry. This process applies only to dismissals caused by lack of satisfactory progress and will only be granted once: This process does not apply to any other withdrawals or dismissals.

FINANCIAL AID

The primary purpose of financial aid is to provide monetary assistance to students who can benefit from post-secondary education, but who cannot do so without such assistance. It is believed that when an individual has the opportunity to develop his or her capacity, that person not only enhances him or herself, but contributes greatly to our society.

The Financial Aid Office at Avery James College is dedicated to: 1) Helping to remove the financial barrier for those students who are unable to pay; 2) Easing the financial burden for those who are more able to pay, but still are in need of financial assistance; 3) Striving to realize the goal of equality of educational opportunity; 4) Utilizing a consistent method for measuring the ability of families to pay for educational costs; and 5) Providing all students the opportunity to apply for aid.

Financial aid is to be offered after a determination that the resources of the family are insufficient to meet the student's educational cost. The Financial Aid Office makes the determination; then, a plan is recommended to the student that may include a combination of more than one type of aid. The School provides student financial aid to eligible applicants and priority is given to students who have the most financial need.

Most awards are renewable on an academic and award year basis if the financial need still exists, if academic and citizenship records are adequate and the student is making Satisfactory Academic Progress. The school defines its academic year as 30 weeks of training and 36 quarter credits or 900 clock hours and its award year is from July 1st to June 30th. Avery James College makes every effort to assist students who need financial aid to complete their program.

Forms/Application Information

Each student fills out the U.S. Department of Education's "Free Application for Federal Student Aid," commonly known as a FAFSA. This is a confidential financial statement of parental and student income. This form is available from the Financial Aid Officer or Campus Director. If you are interested in a student loan, a sample loan repayment schedule and the necessity for repaying the loan is included in the handouts you will receive from the financial aid office.

Eligibility

1) You must be enrolled as a regular student; 2) You must be a U.S. citizen or eligible non-citizen; 3) You must be making Satisfactory Academic Progress, 4) You must sign a statement that you are not in default on any Federal, Title IV, Higher Education Assistance (HEA) loan, that you do not owe a Title IV refund at any institution, and that you are not involved in unlawful drug manufacture, distribution, dispensing, possession or use; 5) You have signed a statement of registration compliance indicating that (a) you have registered with the Selective Service; or (b) that you are not required to register.

Aid Recipient Selection

Awards are determined and granted based upon financial need. Need is determined by evaluating the information you provide on your aid application. Students with greater need are given priority when awards are determined. If you are a handicapped student, let the financial aid officer know because your expenses may be higher with the costs associated with the handicap.

How Will My Aid Be Processed?

During your financial aid interview, we will tell you how and when your financial aid will be processed and how much your financial aid will be. Proceeds from the grant programs are credited to students' accounts.

When Will my Aid Be Processed?

Loan and grant payments are split into two payments per academic year. If federal student loans are utilized, the first loan disbursement is made 30 days after the first day of class if all the necessary paperwork is received and the student has completed a required Entrance Counseling session. The second loan disbursement is made once the student completes one half of the academic year in clock hours. The first grant payment is made as soon as the necessary paperwork is received after the student begins classes and the second grant disbursement is made once the student completes one half of the academic year in clock hours.

To Maintain Eligibility

1) A student must meet the Satisfactory Academic Progress Policy printed in this catalog; 2) You must be

enrolled in order for disbursements of loan and grant to be credited to your student account; 3) If you are allowed to re-enter the school on a probationary basis after failing to meet the Satisfactory Academic Progress Policy standards, you must meet the terms and conditions of your probation in order to be eligible for further financial aid assistance; 4) A student may receive financial aid for no more than twelve (12) weeks while on probationary status.

Transfer Students

If you transfer from one school to another, your financial aid does not automatically go with you. To receive aid at Avery James College, check with our Financial Aid Officer to find out what steps you must take.

Verification

Some students are selected for a process called verification. When this happens, Avery James College is required to obtain documentation within 14 days that verifies any and all items/information requested by the USDOE, as well as any additional items/information requested by the school. The Financial Aid Office will inform the student of the documents needed to complete the verification process. Once the information is verified, financial aid can be processed. Any corrections needed to the student's information will be made by the Financial Aid Office, and the student will be informed of any changes to their financial aid as a result of those corrections. If a student fails to provide the required documentation by the deadline, he/she will not be eligible for financial aid and he/she will have to immediately make financial arrangements to remain in school. The Financial Aid Office is obligated to report any information from a potential student that is suspected as fraudulent in trying to obtain federal funds to the Office of Inspector General.

Veterans Information

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class;
- Provide a written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies.

REFUND POLICY

All monies paid by the prospective student, including registration fees will be refunded if cancelled within 3 business days after signing a Certificate of Enrollment, or after first making a payment to the college, or if the application is rejected by the College. After 3 business days, all tuition paid prior to entrance (with the exception of the \$100.00 registration fee) will be refunded. Students who have not visited the school facility prior to enrollment will have the opportunity to withdraw without penalty within three business days following either attendance at a regularly scheduled orientation or following a tour of the school facilities and inspection of equipment.

For tuition and fees collected in advance of a program start date, which is subsequently cancelled by the institution, the institution refunds 100% of the tuition and fees collected within 45 days of the planned start date.

For students withdrawing on or before the first day of class, the institution retains the registration fee, not to exceed \$100.00. All other tuition and fees are refunded within 45 days of the class start date.

For students withdrawing prior to the completion of their program, the following will apply. When a student's withdrawal date is before the sixty percent (60%) or less point (in time) for the student's current payment period, the School shall refund the portion of the tuition and fee charges equal to the portion of the period of enrollment for which the student has been charged that remains on the last recorded day of attendance, rounded downward to the nearest 1 percent (1%) of that period. The School will retain 100% of the charges for the current payment period whenever a student withdraws after completion of more than the sixty percent (60%) point (in time) of the student's current payment period. The school will retain 100% of the charges for previously completed payment periods. For programs longer than the current payment period, 100% of the stated program price attributable to the period beyond the current payment period will be refunded when the student withdraws.

In the case of a prolonged illness, accident, death in the family or other extreme circumstance beyond the control of the student, the College will make a settlement with the student, which is reasonable and fair to both the student and the College.

For students enrolled in professional development, continuing education or other short-term courses who withdraw prior to the start date, the institution retains the registration fee not to exceed \$100.00. All other tuition and fees are refunded within 45 days of the class start date. The institution retains all tuition and fees for students withdrawing after the first day of class.

Withdrawal Procedures

A student may voluntarily withdraw by notifying the appropriate school official (i.e. campus director, financial aid officer, registrar).

Any student missing eight (8) consecutive days of scheduled classes will be dismissed from school, unless the student is on an approved Leave of Absence.

In these cases a student is considered to have unofficially withdrawn and will be dropped from school within 14 days of their last date of attendance.

Students failing to return from an approved leave of absence will be determined as withdrawn as of the date the student was scheduled to return from the approved leave of absence.

A student may be dismissed from school for non-payment of tuition and fees, poor attendance, failure to meet academic standards, misconduct, or violation of policies as outlined in the school catalog.

The termination date for refund purposes is the student's last date of actual attendance (LDA). Refunds will be made within 45 days of the School's notification or determination that the student will not return. Any refunds due will first be made to any third party funding agency (as applicable) then to the student. All refunds, when due, are made without requiring a request from the student.

RETURN OF TITLE IV FUNDS

Students who receive financial assistance from Title IV programs (such as Federal Pell Grants, Federal Direct Loans, Plus Loans, FSEOG) and withdraw from school prior to completing more than 60% of the payment period are subject to the Return of Title IV Funds requirements of the U.S. Department of Education.

Withdrawal prior to graduation may result in the loss of Title IV funding! Loss of Title IV funding does not relieve the student of contractual obligations to the School (See Refund Policy).

The college's refund policy and Return of Title IV procedures are independent of one another. A student who withdraws from school may be required to return unearned aid and still owe the college for the time attended. The responsibility to repay unearned Title IV aid is shared by the college and the student.

Withdrawal prior to graduation does not relieve the student of the responsibility to complete payment on any Student Loan or Pell Grant that may be outstanding after the School has made appropriate refunds.

Calculation

The law specifies the amount of Title IV program assistance that you earn when you withdraw from school. When you withdraw, the amount of Title IV aid that you have earned up to that point is determined on a pro-rata basis.

The percentage of aid earned = the number of days completed up to the withdrawal date divided by the total days in the payment period. (Scheduled breaks of five days or more are not counted as part of the days in the term.) If this percentage is less than 60%, this percentage is multiplied by the total amount of Title IV aid disbursed and Title IV aid that could have been disbursed to determine “Earned” Title IV aid. If this percentage is greater than 60%, the student earns 100% of the Title IV aid disbursed and the Title IV aid that could have been disbursed.

For example, if you completed 30% of your payment period, you earn 30% of the Title IV aid you were originally scheduled to receive during that payment period.

Another example, if you have completed more than 60% of the payment period, you earn all of the Title IV aid that you were scheduled to receive for that payment period.

Overpayments

If you received more federal student aid than you earned, the excess funds must be returned by you, the school, or both in the order specified by Federal law.

The school will return any “Unearned” Title IV funds it is responsible for returning within 45 days of the date the school determined the student withdrew in the order specified by Federal law.

There may be some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw due to other eligibility requirements – see the financial aid office for information specific to your case.

Post-withdrawal Disbursement

If you received less federal student aid than the amount that you earned, you may be able to receive those additional funds through a post-withdrawal disbursement. In order to receive a post-withdrawal disbursement, the student must meet all other Title IV eligibility requirements.

Grant Funds: The school will credit a student’s account with the post-withdrawal disbursement of Title IV grant funds for current charges for tuition and fees up to the amount of outstanding charges. The school will disburse any amount of a post-withdrawal disbursement of grant funds that is not credited to the student’s account within 45 days after the date of the school’s date of determination that the student withdrew.

Loan Funds: Within 30 days after the date of the school’s date of determination that the student withdrew, the school will notify the student (or parent for a PLUS loan) by certified mail of any post-withdrawal disbursement of loan funds, explaining various options and requesting instructions from the student. The student must respond within 30 days of receipt of the letter. If the school receives instructions within the 30 day period requesting that the disbursement be made, the school will make the post-withdrawal disbursement no later than 180 days after the date of the school’s date of determination that the student withdrew. If no instructions are received from the student, the post-withdrawal disbursement will not be made to the student and any excess funds in the school’s possession will be returned to reduce the student’s Title IV loan obligation.

For More Information

Additional explanations of the Return to Title IV Funds requirements are available in the School’s Financial Aid office. Also available are examples of refunds and an explanation of how the Return to Title IV Funds requirements and the applicable refund policy may affect a student’s obligations upon withdrawal.

REFUND DISTRIBUTION POLICY

In the case of student withdrawal from classes prior to graduation, a refund of tuition received may be due. In such cases, refunds will be made within forty-five (45) days of the Institution's notification or determination that the student will not return. The distribution of refund will be made according to the following schedule:

1. Federal Unsubsidized Direct Loans (other than PLUS Loans)
2. Federal Subsidized Direct Loans
3. Federal Direct PLUS Loans received on student's behalf
4. Federal Pell Grants
